Shrek → Donkey Farts Air Freshener

## Donkey Farts Air Freshener

 Sold By Donkey |  Jan 24, 2023 |  Reviews (2)

The DonkeyFarts Air Freshener is a humorous novelty item for Shrek fans who enjoy a unique and quirky scent. With a blend of donkey-themed fragrances, this air freshener promises to cover up unpleasant odors with a pungent and unforgettable aroma. Hang it in your car, office, or any other space that needs a little extra "oomph" in the smell department. It's sure to turn heads and make people laugh, while either delighting or disgusting their olfactory senses. A perfect gift for those with a twisted sense of humor, but not recommended for those with a sensitive nose.

Awful smell! The DonkeyFarts Air Freshener is just too overpowering and disgusting. Couldn't stand the scent and had to take it down immediately. Not recommended.

Hilarious and well-made! The FionaFashion Sunglasses are a hit with my friends and family. The frames are sturdy and the lenses offer good UV protection. They're a must-have for any Shrek fan.
